

In the name of ALLAH ,the Most Beneficent, the Most Merciful

Welcome to Al-A'lā International Islamic School

You are invited to a thriving community of families & educators. **Al-A'lā** offers a safe, nurturing & enriching educational environment for children. Since 1999 **Al-A'lā** faculty and parents have partnered to provide the very best for each child. We strongly believe that the core teachings of Islam are universal and timeless, providing guidance and instruction for all times to come.

At **Al-A'lā** we believe in respect for the individual. This includes respect for the diversity of opinions within the Muslim community and the diversity of religions and ideologies in broader society. We condemn all forms of bigotry, including racism, sectarianism, anti-semitism and class discrimination. Our aim is not to isolate, but to prepare our children for leadership roles in this society. We are committed to sincerity in all our words and actions. We are striving to purify our intentions to make our deeds pleasing to Allah (SWT). We believe that all success comes through the blessings of Allah (SWT). May Allah (SWT) be our guide (Aameen).

Look closely! It has:

Islamic Philosophy

The Holy Quran and the Sunnah of the Prophet Mohammad (may peace and blessings of Allah be upon him) guide our philosophy. Islam is an integral part of our daily lives and therefore pervades the atmosphere of the school.

Education

The school's curriculum strives to produce a blueprint of an integrated curriculum where Islamic teachings and values are imbedded across all subject areas. The school has adopted the General Certificate of Education (GCE), O Level and A Level as an examination to qualify students for university admission. The school is also a recognized examination centre by University of Cambridge Local Examination Syndicate (UCLES)

Goals

- ✦ To strengthen and prepare students to navigate effectively in the modern society.
- ✦ To nurture learning from an Islamic worldview and with a global perspective.
- ✦ To provide our children with an atmosphere close to the Islamic ideal in which they can grow and learn as whole individuals: intellectually, spiritually, emotionally, socially and physically.

Future Generation

To have a generation of people who will determine its destiny.

Facilities

Well-equipped Library

The school library provides information in different formats such as books, journals, internet & audio visual aids. It also provides foundation for research work.

Since 1999

Computer Lab

The school has a fully loaded computer lab with internet facility. Our students are initiated into computers at an early age to keep in touch with the outer world and enjoy practical sessions.

Media Room

A well-equipped media room, with smart board and multimedia, allows teaching by harnessing the latest technology.

Hifdh-ul-Qur'an Program

Our unique Hifdh-ul-Qur'an program is first of its kind in Pakistan. Students in our Hifdh program take part in both memorization of the Qur'an and regular school studies.

Science Lab

An integrated science lab with all essential equipment, instruments, specimen, models, charts, etc. is accessible to children.

Sports

The school provides complete sports facilities ranging from indoor games to national competitions. Students can enjoy these facilities for their curricular activities and healthy lifestyle.

Science, Math and Craft Fairs

The school provides opportunities to students under the banner of 'budding scientist' and 'social explorers' to showcase their creative expressions.

Mothers' Workshop

Mothers' workshops play an integral role in the community building and bringing all Al-Ala mothers together on the platform of lifelong learning.

Tarbiyah Program

Our 'Exclusive Tarbiyyah Program' provides a more effective paradigm for teaching Islamic values to our children. Its focus is their continuous spiritual growth and development.

Special Tafseer Classes

Our Saturday Tafseer classes aim at imparting sound religious knowledge to Al-Ala mothers and students.
